

Letterland Program Highlights

- A complete, Pre-K through second grade phonics program for teaching phonemic awareness, word recognition, spelling, fluency, and handwriting.
- Fun and engaging:
 - Children learn letter sounds and patterns through stories based on characters that are visually embedded in letters
 - Multi-sensory learning through songs, visuals, and actions
- Designed as foundational reading instruction for all students, plus intervention lessons for supplemental instruction.
- Structured literacy instruction using a systematic, proven phonics scope and sequence aligned to the Orton-Gillingham model of phonics instruction.
- Placement and progress monitoring assessments built into unit lessons.
- Tightly aligned with Common Core literacy standards.
- Research-based and proven track record over 50 years in over 100 countries.
- Easy-to-use, complete lesson materials that are economically priced without the need to purchase student consumables.
