Keys to Adolescent Literacy Session G: Advanced Word Study & Fluency

Live Virtual Professional Development

Virtual-Live Format: The Keys trainer will use Zoom video conferencing to deliver this training in an interactive format using features such as breakout rooms and chat.

Grounded in more than 20 years of experience and the latest research on effective adolescent literacy instruction, *Keys to Adolescent Literacy* provides powerful professional learning designed to enhance student literacy achievement incorporating Joan Sedita's *The Essentials of Adolescent Literacy* book.

Help students in grades 5-12 develop the skills needed to decode and spell unfamiliar multisyllabic words across all subjects, becoming fluent readers.

This session provides grades 5–12 educators with a foundational understanding of how phonics, advanced word study, and fluency contribute to efficient reading comprehension. It also examines why some older students struggle with reading and spelling due to a lack of proficiency in these essential skills. Subject-area teachers learn a consistent, cross-disciplinary word analysis routine that helps students read, spell, and determine the meanings of unfamiliar multisyllabic words across all subjects. The session also addresses the differing needs of fluent and dysfluent readers.

Session Topics Include:

- Phonics and Advanced Word Study Across Grades 5-12
- Overview of Fluency
- Strategies for Reading and Spelling Multisyllabic Words
- A Word-Analysis Routine
- Teaching Morphemes

A copy of the *Essentials of Adolescent Literacy* training book is required for this session and is not included in the registration fee. The book can be purchased on the [Keys to Literacy website](#).

Connecting This Session to Keys to Literacy's Comprehensive Professional Learning Suite: This session can stand alone as an overview of advanced word study and fluency. It complements and pairs well with Session H "Supporting Adolescents with Literacy Difficulties."
